Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

URGENT STATUS INQUIRY

Since filing this application on August 22, 2003, we have still received no official filing receipt or other official communication from the U.S. Patent and Trademark Office except for return of a postcard receipt with a stamp indicating the assigned serial number (copy attached).

Repeated attempts on numerous days to obtain any further information about these applications by telephone has met with total failure. Either the telephone (703-308-1202) is perpetually busy or one is put on perpetual hold or, in the off chance that a human appears to poke a button somewhere that causes a connection to occur, one can only hear background chatter for a few minutes until someone apparently pokes another button to cause a disconnection.

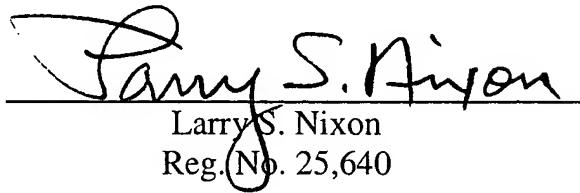

Accordingly, it is urgently requested that formal written communication be established in this case with the issuance of a formal filing receipt at the earliest opportunity.

A telephone call from a human being to the undersigned would be greatly appreciated.

Respectfully submitted,

NIXON & VANDERHYE P.C.
